BUREAU VERITAS

TRAINING COURSES
CATALOGUE & CALENDAR 2026

The growth of professional skills through a solid process of continuous training is a fundamental asset for both corporate success and individual development. **Bureau Veritas Training** presents a wide range of training courses, covering both strictly technical training and behavioral, managerial, and business management training.

Leveraging specialized know-how and an active presence in numerous sectors and markets, both in Greece and abroad, through a unique combination of local and international networks, **Bureau Veritas Training** translates its technical expertise into a rich range of training courses in various areas.

In this **Training Catalogue** you will find our detailed, multilingual training portfolio sorted by language and by topic area.

Our training offer includes training on various topics and industry standards, such as quality, health & safety and environmental management. Our IRCA certified courses and certificates are recognized worldwide.

Our instructors are on site or virtually available for you worldwide. In this way, we provide you with international know-how and local knowledge, enabling our graduates to work globally.

We can develop specific training programs and tailor them to your organization and your needs. We are ready to respond to your individual needs and provide in-house training for you.

ABOUT
BUREAU VERITAS TRAINING

The Bureau Veritas Training courses provide globally recognized professional qualifications and are useful for the growth of both technical and behavioral/managerial skills.

Our training programs focus on both individuals and organizations, tailored to meet the needs of those working in complex and highly specialized environments.

Competitiveness, high-quality standards ensured through feedback collected at the end of each course, and international recognition are the key drivers of success for our programs.

Our instructors, who are also auditors and/or consultants for management systems and experts in their fields, undergo a rigorous qualification program and have many years of experience conducting trainings.

Our training portfolio offers a diverse range of topics, covering various fields and industries.

You will gain insight into many industry standards that can be used to expand your knowledge and acquire recognized certificates to prove your competence worldwide.

WHY
BUREAU VERITAS

- Use of "Participatory Learning Techniques", a globally recognized learning method for adults and aligned with our training philosophy
- Instructors trained in teaching methods and concepts at some of the best training academies in the world
- Learning-oriented approach
- Highly active training sessions
- Dynamic course content is constantly improved and validated
- Professional training material with consistent interpretation
- Cost-effective
- Post-training support for inquiries (if available).
