ABOUT BUREAU VERITAS TRAINING

The Bureau Veritas Training courses provide globally recognized professional qualifications and are useful for the growth of both technical and behavioral/managerial skills.

Our training programs focus on both individuals and organizations, tailored to meet the needs of those working in complex and highly specialized environments.

Competitiveness, high-quality standards ensured through feedback collected at the end of each course, and international recognition are the key drivers of success for our programs.

Our instructors, who are also auditors and/or consultants for management systems and experts in their fields, undergo a rigorous qualification program and have many years of experience conducting trainings.

Our training portfolio offers a diverse range of topics, covering various fields and industries.

You will gain insight into many industry standards that can be used to expand your knowledge and acquire recognized certificates to prove your competence worldwide.

WHY BUREAU VERITAS

- › Use of "Participatory Learning Techniques", a globally recognized learning method for adults and aligned with our training philosophy
- › Instructors trained in teaching methods and concepts at some of the best training academies in the world
- › Learning-oriented approach
- › Highly active training sessions
- › Dynamic course content is constantly improved and validated
- › Professional training material
- › Cost-effective
- › Post-training support for inquiries (if available).
